## Other Options Worth Considering

### Zoom H1 Portable Recorder

Includes SD card, desk stand, 'mic' handle, wind shield, AC power adaptor, headphones & cables.  
Perfect for use with your MP3 Player / Recorder in the studio Package.

### Sound Deadening Packages

To Improve the acoustic nature of the room you have designated as your studio.  
These fire retardant packages have a significant impact and can be installed onto most surfaces.

## Notes

12 Months Free Web stream hosting limited to 30 concurrent streams @ 64kbps mp3, the 12 months commences from the date of your installation. To commence usage of the service you will need to request that it is configured, a password and publishing point will be created and the details of how to set it up will be emailed to you. The PC will require a valid internet connection; this is not the responsibility of P Squared to provide. Larger packages are available on request. An email will be sent to you (after 11 months) offering you additional streaming before the automatic cessation of the service.
